Greetings from the Diocese of Delhi-Church of North India.

It gives me immense pleasure that St. Paul's Diocesan School is going to publish its School Magazine.

MESSAGE

to

The Family of St. Paul's Diocesan School Jangpura, Delhi

Dear beloved,

As you all view the New Year's Souvenir, may the memories of the year gone by bring you great pleasure, encouragement and strengthen. May God also lead you to introspection, asking yourself the very pertinent question: What have I received from the institution in the last year? What have I given to the institution in the last year? What is the ratio between the two?

May God almighty bless you abundantly, so that the gap between what you receive and what you render this year may continue to decrease!

Blessings always

Pastor's Message

In the precious name of our Lord and Saviour Jesus Christ I greet you all on this auspicious occasion of your Annual School Fete 2015.

I would like to thank God Almighty who has blessed us this New Year 2015, with health and enabled us to do what we on our own could never be able to do. He deserves all the praises and thanks. God works through his people which needless to say are you and me, who generously contribute through their time, talents, treasures and efforts for the extension and propagation of God's Kingdom on the Earth where we celebrate in different ways till he returns. It is my joy and privilege to be associated with the school earlier as a youth of St. Michael & All Angle's Church and now as a Presbyterian In-charge of the same church.

The task before us is two-fold, namely, the expansion of the school till 12th standard to facilitate more and more children and secondly to cater better facilities for the students.

The Annual School Fete is the platform which gives a joyous opportunity to all of us to rejoice by showing our unity, fellowship, peace and love for our fellow human beings irrespective of age, status, colour, creed, caste or religion.

I once again congratulate Mrs. Doris James the Principal of the school and the entire faculty and the support staff for organising this Annual School Fete 2015 for the betterment of the school.

May God Bless you all

Presbyter-IN-Charge

"The philosophy of the school room in one generation will be the philosophy of government in the next."

Abraham Lincoln

In this constantly ever changing society young minds struggle with drastic changes in their environment. In these formative years they need a genial, tranquil and natural learning environment, and we at St. Paul's Diocesan School work to create opportunities for learning and expression for our students.

With the ever increasing demand of competitions, fast changing values, pressure of challenging career and increasing love for materialistic life it has become difficult for the individuals to maintain its prim values intact. St. Paul's Diocesan School through the years has spread the values of love, culture and knowledge through education. Thus enabling our student to adjust and adapt to the emerging society of multicultural thoughts beliefs and religions. The learning opportunities in the school foster students with courage that kindles optimism and the willpower not to give up during adversities.

To channelize the creative, intellectual and artistic facet of our children, the school has come up with this school magazine "Happenings". This magazine not only gives a platform to the students to communicate but also highlights the success and achievement of the institution in the last academic year. May God be praised, honored and glorified through the lives and work of our children.

St. Paul's strongly believes in working towards imparting quality education through a kaleidoscope of learning, adventures, creativities and positive approach of our young minds. I hope this annual effort of our young minds will serve as a stepping stone towards the many miles stones we have to cover in pursuit of excellence...

It gives me immense pleasure to write the Manager's Message in the second edition of St. Paul's Diocesan School magazine- "HAPPENINGS".

Since its inception in 1981, St. Paul's Diocesan School has come a long way in providing education to the society. Our aim has always been to help a child realize his/her inner strength and give him/her a conducive environment to grow and evolve as a good social being and a global citizen.

I appreciate the hard work put in by one and all in organizing the Annual School fete. I convey my sincere good wishes for successful endeavours in the years to come.

May the Almighty shower His blessings abundantly

The dearest little twinklings star

I know he stays there all night
But at the break of day

Why does he go away?
I wonder if the reason is this
Perhaps he goes away from me.*

Child Labour is a Social Evil

Labourers below the age of 14 years are called child labour. India has the largest number of child labour in the world. According to the census figures of 1991, India has 11.29 million child labourers which constitute 1.34 per cent of the total population of our country. Most of the child labourers are engaged in agriculture and allied subject like livestock, foresting and fisheries. In the urban areas, children work in dhabas, eateries helpers or cleaners in trucks and as domestic servants etc. They have long working hours, bad and hygienic working condition and fewer wages. The main reason behind child labour is poverty. Children born in poor families are forced to work not only for their own survival but also for their family. Ignorance of the people and Government also compels poor parents to make their children employed as labourers in agricultural forms, factories, bricks and as domestic servants. Let us all take a step to ban this evil.

The Green house Effect

The Green house Effect is a warming process near the Earth's surface. This happens when the Earth's atmosphere traps the sun's heat. The atmosphere acts like the glass in a green house. It is from here that the Green house Effect gets its name. The atmosphere is a mixture of gases but our modern lifestyle is upsetting the natural balance of these gases. Exhaust gases from vehicles and power stations add about six billion tonnes of carbon dioxide. The extra CO_2 has caused the lower atmosphere to become warmer. This, in turn, causes more water to evaporate into the atmosphere. Water vapour is also good at absorbing heat. It causes the Earth's atmosphere to become even warmer. The average temperature of the atmosphere has risen by almost 10°C in the last 200 years, as the amount of carbon dioxide in the atmosphere has increased. Scientists have called this warming up of the Earth's surface as 'Global Warming'.

The Saint in Neighbourhood

Mother Teresa was born in Albania. She became a nun at the age of 16. When she was 18 years old she was sent to a convent in Kolkata (India). Her convent was near a slum colony called Moti Jheel. Seeing the misery and poverty of this slum. She decided to start a separate institution of dedicated workers who would help her to serve humanity. She called this institution. "The Missionaries of charity." She gathered large donation and established the 'Nirmal Hriday' home for the physically challenged people near Dumdum Airport in Kolkata. She brought cheer in the lives of poor children. She used to say "All are God's children and have the right to get love and care."

Asked the Boy Who Couldn't See

*I asked the boy who couldn't see,
What is colour like?
Why green said he,
Is like the rustle of the wind when it
blows through;
The forest, running water, that is blue
And red is like a trumpet sound;
And pink is like smell of roses;
And I think that purple must be like a
thunder storm:
And yellow is like something soft and
warm:
And white is a pleasant stillness
when you lie and dream:*

Achieving our Dreams

*I was two years old then,
I wanted to climb up the stairs
A Bossy hand pulled me back,
I brushed it aside,

Only to be dragged and held again,
I cried out, "I can climb by myself!"
"Impossible!" I was told, "you are too young
to do that yourself!" If only I was left free

Bubbling with curiosity, like a fountain,
I would have been scaled a mountain!*

*I was eight year old then
I wanted to cycle down the road
I removed the two balancing wheels.*

*Only to be severely cherished?
I cried out, "I can ride by myself!"
"Impossible!" I was allowed to fall
I would have in courage grown tall!*

*I was thirteen years old then
I wanted to explore the neighbourhood.*

*I set out stealthily, hiding my tails

Only to be caught and confined
I cried out "I can protect myself!"
"Impossible!" I was told "you are too careless to do it
yourself!"

If only I was allowed to wander
I would have even captained a ship of adventure!

I'm twenty years old now
I want to be air force pilot and recolour the skies
I have built an able body and a stable mind*

*Only to be tested and tried.
"I'm Short listed. I shall be soaring high into the
heavens!"
"Impossible! I hear a faint Voice "That is too
dangerous!"
I brush aside the warning from of unfounded fear
saying to myself, "I'm possible and there is no place
for the meek here!"
Dream big achieve Bigger!*

LEISURE

*What is this life, its full of care.
We have no line to stand and stare,
No line to stand beneath the boughs?
And stare as long as sheep or cows.
No time to see, when woods we pass,
Where squirrels hide their nuts in grass.
No time to see, in broad day light.
Streams full of stars, like skies at night.
No time to turn at beauty's glance,
And watch her feet, how they can dance.
No time to wait till her mouth can
Enrich that smile her eyes began.
A poor life this is, if full of care,
We have no time to stand and stare.*

बुढ़े-बुजुर्गों की देखभाल करने का तरीका

हमें अपने बुजुर्गों का ख्याल रखना चाहिए उनकी सेवा करना हमारा परम कर्तव्य होना चाहिए क्योंकि माँ-बाप की सेवा करने से स्वर्ग की प्राप्ति होती है। इस्लाम धर्म में स्वर्ग की कुंजी माँ-बाप के पैरों के नीचे बताया गया है। उनकी हर जरूरतों को पूरा करना हमारा फर्ज है।

उन्हें दे इमोशनल सपोर्ट

बुजुर्ग बहुत जल्दी इमोशनल हो जाते हैं। इसलिये जरूरी है कि आप उनके साथ बैठें और उनके साथ समय बिताएँ, वरना वे अपने बुढ़ापे को लेकर दुखी रहने लगते हैं। भले आप बहुत व्यस्त हों फिर भी उनके लिए दिन में थोड़ा समय निकालें। उनके पसंदीदा विषय पर बातें करें। उनके साथ बाहर सैर के लिए जाएँ। अवसर बुजुर्ग लोग अपने समय से जुड़ी बातों को बार-बार याद करते हैं, इसलिए उनकी बातों से चिढ़े नहीं,

बल्कि आराम से सुनें।

दें पौष्टिक भोजन

बुजुर्गों के भोजन में वो सारी चीजें शामिल करें, जो उनकी सेहत के लिए अच्छी हों। उन्हें दिन में तीन की जगह चार बार खाना दें क्योंकि वे एक बार में कम ही खा पाते हैं।

उन्हें जगह दें

देखभाल करने का यह मतलब बिल्कुल भी नहीं है कि आप हमेशा उनपर सवार रहें। उन्हें उनका निजी कमरा दें ताकि वे अपना खाली समय अपने कुछ खास लोगों के साथ गुजार सकें।

तीन चीजें

- 1 सबका अलग-अलग होता हैं—नसीब, खूबसूरती और आदत
- 2 हमेशा याद रखो—मौत, फर्ज, और कर्ज
- 3 इंसान को बुरा बनाती हैं—चुगली, झूठ और चोरी
- 4 असल मकसद को रोकती है—लालच, गुस्सा और चुगली
- 5 हर एक को प्यारी है—जिंदगी, औलाद और दौलत
- 6 इज़्जत देते हैं—अक्ल, ज्ञान और हुनर

देश हमारा आंख का तारा,
हम सब इस पर हो कुर्बान।
जय जय भारत देश महान।
इसी देश पर अमर तिरंगा
लहर लहर लहरा कर के
इसी देश में गंगा जमुना
कल कल नीर बहा कर के
हमें ज्योतिमय राह दिखाएं,
करें हमारा ही कल्याण।
जय-जय भारत देश महान।

सदा बढ़ाएंगे हम भारत,

हिंदी शायरी

दिल की बात दिल में मत रखना,
जो पसंद हो उससे आई लव यू कहना,
अगर वो गुस्से में आ जाए तो डरना मत,
राखी निकालना और कहना,
प्यारी बहना मिलती रहना...

अरे हमें तो अपनों ने लूटा गैरों में कहाँ दम था,
मेरी हड़डी वहाँ टूटी, जहाँ हास्पिटल बन्द था,
मुझे जिस एम्बुलेन्स में डाला, उसका पेट्रोल खात्म था,
मुझे रिक्शे में इसलिए बैठाया क्योंकि उसका किराया कम था,
मुझे जिस बेड पर लिटाया उसके नीचे बम था,
मुझे तो बम से उड़ाया, गोली में कहाँ दम था,
और मुझे सड़क में दफनाया, कब्रिस्तान में फंक्शन था।

हर पल में खुशी देती है माँ,
अपनी जिंदगी से जीवन देती है माँ,
भगवान क्या है!!! माँ की पूजा
करो जनाब,
क्योंकि भगवान को भी जन्म देती है माँ...

चाँदनी चौक का नजारा ना होता,
India Gate का सितारा ना होता,
आज कल की लड़कियाँ फैशन ना करती,
तो हर गली का लड़का आवारा ना होता।

फूल हो तुम मुरझाना नहीं, अपने इस दोस्त को कभी भुलाना नहीं।
जब तक हम जिन्दा है ए दोस्त, कभी किसी से घबराना नहीं।

मेरे दोस्त तुम भी लिखा करो शायरी,
तुम्हारा भी मेरी तरह नाम हो जायेगा।
जब तुम पर भी पड़ेंगे अंडे और टमाटर,
तो आम की सब्जी का इंतजाम हो जायेगा।

जिंदगी-जिंदगिली का नाम है

जिंदगी का अर्थ है-जोश, उत्साह, हिम्मत और जिंदगिली। कहते हैं जिंदगी जिंदगिली का नाम है। मुदीरिल क्या खाक जिया करते हैं। साहस, हलचल और गति सच है। जिंदगी जिंदगिली का नाम है। जो व्यक्ति हर समय उत्साह की तरह होता है। वह हर मुश्किल का सामना एक चुनौती की तरह करता है। कभी भी अपने मन में निराशा उत्पन्न नहीं होती है। हमारा जीवन एक गाड़ी की तरह होता है। जिस प्रकार हमारी जीवनरूपी गाड़ी चलती रहती है, चाहे उसमें कितनी भी मुश्किलें क्यों न आएं। जिस प्रकार हमारी जीवनरूपी गाड़ी चलती रहती है, उसी का जीवन सफल होता है। कर्म करते रहना ही सफल जीवन की दिशा है। जिस प्रकार रुकें हुए पानी में दुर्गंध पैदा हो जाती है, उसी प्रकार हर दुख के बाद सुख भी आता है। जिंदगी की हर राह आसान नहीं होती, हर के बाद सुख है। उसी प्रकार हर दुख के बाद सुख भी आता है। जिंदगी की हर राह आसान नहीं होती, हर मौड़ पर हमें खुशी नहीं मिलती। हम अपने मन में यह सोचने की हमें एक न एक दिन मरना ही है तो जीवन जीना आसान हो जाएगा। एक कवि ने कहा है “आएँ इस जहाँ में, जीना तो पड़ेगा। जिंदगी अगर जहन है, जीना तो पड़ेगा।”

संदेश

खोकर पाने का मजा और है,
रोकर मुस्कुराने का मजा और है,
हर तो जिंदगी का हिस्सा है मेरे दोस्त,
हरने के बाद जीतने का मजा और है।

स्वर्ग के सपने छोड़ दो,
नर्क का डर छोड़ दो,
कौन जानता है कि क्या पाप है,
क्या पुण्य है
बस किसी का दिल मत दुःखाना
अपने स्वार्थ के लिये
बाकी सब भगवान पर छोड़ दो...

कुछ महत्वपूर्ण बातें

मुश्किलों से भाग जाना आसान होता है, हर पहलू जिन्दगी का इम्तिहान होता है।
डरने वाले को मिलता नहीं कुछ जिन्दगी में, लड़ने वाले के कदम में जहान होता है।

अगर जीवन में सफल होना है, तो जहाँ 90 शब्दों से कोई बात बन जाए वहाँ पर
२०० शब्द बोलकर अपनी मानसिक और वाणी की उर्जा को नष्ट नहीं करना चाहिए।

हर कामयाबी पर आपका नाम होगा, आपकी हर कामयाबी पर दुनिया का सलाम होगा।
मुश्किलों का सामना डटकर करना, भविष्य में एक दिन आपका भी नाम होगा।

आँख के अंधो को दुनिया नहीं दिखाती, काम के अंधो को विवेक नहीं दिखाता।
मद के अंधो को अपने से श्रेष्ठ नहीं दिखाता, और स्वार्थी को कहीं भी दोष नहीं दिखाता।

बुराई इसलिए नहीं बढ़ती क्योंकि बुरा करने वाले लोग बढ़ गए हैं,
बुराई इसलिए बढ़ती है क्योंकि बुरा सहन करने वाले लोग बढ़ गए हैं।

जिंदगी काँटों का सफर है, हौसला इसकी पहचान है।
रास्ते पर तो सभी चलते हैं, जो रास्ते बनाए वो तो इंसान है।

एक व्यक्ति की आदत थी कि वह रास्ते में मिलने वाले हर व्यक्ति को नमस्कार करता था। पर एक आदमी उसके नमस्कार का जवाब गाली से देता था। एक व्यक्ति ने एक दिन उस व्यक्ति से पूछा “वो आदमी हर रोज तुम्हें बुरा भला कहता है, तुम फिर भी उसे नमस्कार क्यों करते हो। उस नेक इंसान ने जवाब दिया जब वो मेरे लिए अपनी बुरी आदत नहीं छोड़ सकता तो मैं उसके लिए अपनी अच्छी आदत क्यों छोड़ दूँ।

इतिहास कहता है कि कल सुख था, विज्ञान कहता है कि कल सुख होगा। लेकिन धर्म कहता है कि.....
अगर मन सच्चा और दिल अच्छा है तो हर रोज सुख है।

दोस्ती करो ऐसी कि दोस्त को देखकर दुनिया भर की सारी खुशियाँ उसके सारे गम चुरा लें, और दोस्ती निभाओ ऐसी कि वे ऊपर वाला नीचे आकर बोले कि मुझे भी अपना दोस्त बनालो।

जब जिंदगी हसाएँ तब समझ लेना अच्छे कर्मों का फल मिल रहा है।
जब जिंदगी रुलाए तो समझ लेना कि अब अच्छे कर्म करने का समय आ गया है।

Republic Day

Flag was hoisted by the Principal Mrs. Doris James escorted by Mr. P.N. Biswas after the opening prayer. It was followed by the cultural programme which comprised of patriotic songs, speeches and dances. Students participated with zest and enthusiasm. The programme concluded with the National Anthem.

ईश्वर से कुछ माँगने पर न मिले तो उससे नाराज ना होना क्योंकि ईश्वर वह नहीं देता जो आपको अच्छा लगता है, बल्कि वह देता है जो आपके लिए अच्छा होता है।

अभी ना पूछे हमसे मंजिले कहाँ है,
अभी तो हमने चलने का इरादा किया है
ना हारे हैं, न हारेंगे कभी,
ये किसी और से नहीं
खुद से वादा किया है।

कौन क्या कहता है?

- घड़ी - समय मत गँवाओ।
- समुद्र - विशाल दिल रखो।
- चींटी - निरंतर कर्म करते रहो।
- वृक्ष - परोपकारी बनो।
- धरती - सहनशील बनो।
- सूर्य - निरंतरता बनाए रखो।
- गूलाब - दुख में भी खुश रहो।
- दीपक - दूसरों को रोशन करो।
- कुत्ता - वफादार बनो।
- कोयल - मीठा बोलो।
- कौआ - चतुर बनो।

“बाल मजदूरी”

चौराहे पर है खड़ी,
डरी सहमी सी एक लड़की।
फूलों को लिए हाथों में,
बेचनें को राह में।
नमीं लिए आँखों में,
पढ़ने की चाह में।
टकटकी बाँधे जाते देखती,
स्कूल ड्रेस में लड़कियाँ, हँसती।
काश! मैं भी पढ़ने जाती,
कॉपी, किताब, बस्ता लाती।

हाय! पर मैं बेचारी मजदूर,
काम तो करना है जरूर।
बीत रहा है साल पुराना,
नया साल तो है अनजाना?
सोचती हूँ छोड़ दूँ ये काम बेकार,
अब न मानू मैं कोई भी हार।
नए आने वाले साल में यह प्रण उठाऊँ,
पढ़ लिख कर जग में ऊँचा नाम कमाऊँ।
और नया साल लाए फूलों की बहार,
साथ में लाए खुशियाँ अपार (बेशुमार)।।

माँ का आँचल

माँ!! माँ का नाम आते ही ममता भरा
स्पर्श याद आता है। सारी दुनिया से न्यारी
होती है माँ। माँ का वो लाड़ करना व
दुलार करना, निस्वार्थ प्रेम, अपना पन और
ना जाने क्या-क्या—?

जब मैं नन्हा बच्चा था, माँ से लिपटे रहता था,
जब छोटा था, माँ को पकड़े-पकड़े घूमा करता था।
जब डर जाता था, माँ के पास जाकर छिप जाता था,
माँ का प्यार सारा डर भुला देता था।।

जब घुटने-घुटने, पैरों-पैरों चलता था,
मैं आगे-आगे, माँ को पीछे-पीछे दौड़ाता था। छिप
जाता, फिर चुपके से झट से आकर माँ का वो पकड़ना,
और ढेर सारा लाड़-दुलार करना व मेरा माँ के आँचल
में छिप जाना।।

बचपन था तो उँगली पकड़े-पकड़े स्कूल जाना, और
आने पर माँ के हाथों से ही खाना खाना। फिर
लाड़-दुलार करा कर सो जाना, उठने पर फिर
माँ का आँचल पकड़े-पकड़े घूमना।।

दिन बीते, समय बीता। बचपन ने किशोरावस्था का रूप
लिया। थोड़ा माँ के साथ जीया।
संगी-साथियों का साथ ज्यादा लिया। माँ का साथ कम
होता गया, और माँ को कम वक्त देता गया,
और माँ का आँचल कहीं पीछे छूटता गया।

समय का चक्र चला, तरुणावस्था आई,
और भरपूर जवानी भी संग लाई।
इस उमर की मस्ती तो, माँ को और भी भुलाती गई

मौज मस्ती और चंचलता तो, माँ को, माँ का वह
स्थान नहीं दे पाई।।

युवावस्था आई, साथ ही परेशानियाँ भी संग लाई,
और माँ ने भी वृद्धावस्था पाई। माँ का दर्जा
कम, गृहस्थी का भार ज्यादा, भूला माँ से
किया गया वो वादा।। पिसा जैसे चक्की,
नाक पर नहीं बैठती भी मक्खी।

दिनों-दिनों जोर पकड़ता गया, और माँ को
कमजोर करता गया। एक दिन 'ठोकर लगी'
चोट खाई।। माँ के दिल से आवाज़ आई—
'बेटा कहीं चोट तो नहीं आई'।।

समय का चक्र फिर चला,
बैठे-बिठाए आई बला।

माँ का साथ अचानक से छूटा
तब एहसास हुआ जैसे—मुझसे मेरा रब रुठा।।
माँ का प्यार, राजदुलारा, दुनिया से न्यारा था,
माँ की आँखों का एक ही तो तारा था,
ममता रुठी तो दुआएँ छूटी, लगा जैसे हमारी
तकदीर (किस्मत) फूटी।।

अब कौन कहाँ कब आएगा?

माँ की जगह ले पाएगा।

माँ का मन कोमल, निश्चल, शीतल,
माँ के स्पर्श में व मन में ना है कोई छल, और
ऐसा होता है माँ का आँचल।।

Van Mahotsava

He who plants a tree plants Hope

As a part of Vanmahotsav celebration through out the country, afforestation drives are launched in the bid to retain the vanishing forests covers of the country.

The school took part in the drive, celebrated Van Mahotsav. Students planted Saplings in the first week of July from 1st July to 7th July. Pricipal Mrs. Doris James took initiative to celebrate the week with great zest.

The Vanmahotsav festival of trees is a beautiful initiative to save the environment. to which we own a lot.

State Governments and civic bodies supplied free sapling to schools, colleges and various institutions. Our school was supplied the same by the Horticulutre department of SDMC.

The school is grateful to the staff of SDMC for their support.

The Nation that destroys its soil, destroy itself.

मत बाँटो इसांन को

मंदिर-मस्जिद-गिरजाघर ने
बाँट लिया भगवान को।
धरती बाँटी सागर बाँटा-
मत बाँटो इसांन को।।
अभी रह तो शुरू हुई है-
मंजिल बैठी दूर है।
उजियाला महलों में बंदी-
हर दीपक मजबूर है।।
मिला न सूरज का सदेसा-
हर घाटी-मैदान को।
धरती बाँटी सागर बाँटा-
मत बाँटो इसांन को।।
अब भी हरी भरी धरती है-
ऊपर नीला वितान है।
पर न प्यार हो तो जग सूना-
जलता रेगिस्तान है।।
रैंद न पाएगा फिर कोई-
मौसम की मुसकान को।
धरती बाँटी सागर बाँटा-
मत बाँटो इसांन को।।

तेरे जाने के बाद

मेरी माँ थी रूप भगवान का,
हल थी वो मेरे हर मुश्किल काम का।
चाहे चोट मुझे जब कभी लग जाती थी
याद तेरी ही बस आती थी।
हर सुख-दुख में,
माँ बस तू ही तू,
बस तू ही याद आती थी।
जब लोगों ने साथ छोड़ दिया,
तब तू ने हाथ थामा,
वयों चली गई छोड़कर,
तेरी बहुत याद आती है माँ।
मैं रोती हूँ अँधेरों में,
रहा करती हूँ तेरी यादों के घेरों में।
एक तू ही तो थी मेरी,
तेरे जाने के बाद न है मेरा कोई,
अब रहती हूँ तेरी यादों में मैं खोई-खोई।
याद आते हैं वो अंतिम पल,
जब तू थी मेरा हाथ थामे हुए,
कँहा है तू,
कैसी है तू,
न जाने वो पल कहाँ खो गए?
तेरी यादें संजोरे
आज हम बड़े हो गए!

सुनहरा दिन था
पाकिस्तान का लम्हा हसीन था।
पर आ गए वे शैतान, और मार दिया बच्चों को सरेआम।
पर यह न सोचा वह भी होंगे किसी की सन्तान।
लोगों ने देखा, है कौन ये हैवान
जिन्होंने बदला अपना ईमान।
फौज को देखकर आतंकवादी डर गए।

चला दी बंदूक और खुद भी मर गए।
बच्चों की जिन्दगी ये तबाह कर गए और
उनके माँ-बापों को, कर अधूरा कर गए।
जो न किसी ने किया आओ वो हम कर दिखलाएँ,
हैवानियत के शिकार बच्चों को हम इंसान दिलाएँगे!!

CHOOSE TO BE HAPPY

Choose to be happy,
Choose to feel great,
Choose not to let things make you irritate
I know that some people are not feeling great,
And I know that some people just know how to hate.
And I wish that all people could be healthy and strong,
And I wish that all people would just get along.
If wands could be waved and the World would be cured,
I'd wave that big wand, you can be assured but I'll do what I can everyday I am here,
And try to remember "the good", year to year.
And I choose to be happy.
And I choose to feel great,
And I choose not to let things make me irritate!

Environment

Our environment is a beautiful place.
A lot of new things we can trace.
It has plants both big and small, and animals which fly and crawl.
It also has a beautiful sky, and deserts full of sand so dry.
It also has many wonderful flowers, pink, yellow, red and its all ours.
But I hear that sky is no more full of birds.
They are dwindling all because of us.
We destroyed their house, by cutting trees
To preseve the environment as we all love it.

My Planetary Playhouse

*The sun is the only one,
In the Solar System.
It gives us light, very-very bright.
Then comes Mercury,
Brown like mom's tasty curry.
Then comes the Venus
Discovered by a genius.
It is very hot,
And says "touch me not:
Now oh ! the Earth
Which gave us birth.
It is blue, with a little green
Because of it we live*

*It only gives and gives
Then is the Mars which lives not too for
It has many mounts which no body can count
It is red, with a red-red head
Then comes the Jupiter, So big so fat.
It rotates like this and that
Then the Saturn with beautiful rings.
I wish to fly over it, with big-big wings.
Then the Uranus, so very cold
Nobody can hold, it look so bold
Then the Neptune, farthest of all
It kicked the Pluto out of the hall.*

It is about having a proper understanding.

One day, Chubby was painting, but he was not able to paint a perfect circle for the sun. His friend snowy rabbit, looking sad came and stood near Chubby and said, "Chubby, all my friends are birds. They all have bright colours on their feathers. I am just plain white. I too, want some colour on my fur. Let me paint this picture of the sun first," said Chubby. Soon after, Snowy accidentally sat on Chubby's paint palette.

Security of women

Security of women, when we think about it, we come to know, the real situation is scaring. Today women are not safe in our country.

People don't think that whatever is happening with other girls could also happen with their sisters or daughters. Women also have the right to live freely with respect.

In our society there are many people who don't respect women and think that they are weak. But they are not. Recently a rape case happened in Delhi.

Thousands of people protested for a girl whom they didn't know. We and all the citizens of India should think about it and have to raise the voice against it.

The earth has a delicate ecosystem. Its balance depends on an interlinked cycle of various activities. The environment comprises of living and nonliving things. Life depends upon nonliving habitat that is the air, water and soil etc. Various types of animals and plants including human beings, aquatic life, micro-organisms are interdependent on each other. Green plants are producers and animals are the survivors.

Plants provide food, shelter, clothing, cleaning of air, rainfall and climate. Therefore, if greenery is destroyed it would disturb the whole food chain and the balance in the environment. Unfortunately short-sighted and indiscriminate industrialization, deforestation and air pollution have polluted and damaged the environment in the recent past. There is a need to protect our environment by the life-style which are compatible with the nature. We must save rivers, ocean, lakes etc. Vegetation and forests regulate climate and Environment. For example, growth of soil, water and air. As such it is essential that all care is taken to maintain Environmental balance and protect it from pollution. Let us take pledge to shun pollution.

Play

No where to play!
Back streets and alleyways,
Car parks and main roads
Noise, dirt and danger all day.
Same, old smells;
Exhaust cars,
People rubbish,
No smells of earth after rain
Same old noises; Rush of traffic,
Cops on their way
'Where's the ice-cream man today?
No new sensations;
Same hard pavements,
No mud to explore.
No pebbles, no pieces of wood to arrange
Big buildings,
Big buses, big people;
No bee or butter cup,
No ants on their way.
No green grass, just concrete
No thrush songs only sirens seasons
passing unnoticed;
No where to play-
"What's on telly today"?

Down By The School Gate

There goes the bell
Its half past three
And soon by the school gate
You will see...
...Ten mums in coats, talking
Nine babes in prams, squawking
Eight dads their cars parking
Seven dogs on leads barking
Six toddlers all squabbling
Five grans on bikes wobbling.
Four child-minders running
Three bus drivers sunning
Two teenagers dating
One lollipop man waiting...
The school is out,
It's half past three
And the first to the school gate
...Is me!

Return of my lost kilty

One-day it was raining so heavily. The streets in my colony were empty. At a far corner of a street I saw a tiny male kitten protecting himself from the rain. He was totally wet and shivered. I ran down the street to pick up the little kitty who was helpless. I brought him home and fed some warm milk. He stayed the night at my place. But the next morning he went away with his mother. After a few days, the kitty returned to our colony and he visited me every day. I offered him milk and treats. He became my friend. We play with balls On terrace an old man who lives next door to us does not like the kitten. So, he called up some of his friends to take away the kitty. A group of young boys came with a sac to catch and lock the kitten. The kitty cried aloud for help when the boys put him in the sac. They took him away. For more than three days the kitty was not seen around. One evening I heard a purring sound outside on the terrace. It was the kitty again. I cuddled him and brought into the house before the neighbouring old man could see. Now the kitty is with me. He is healthy. His coat is a mix of brown and white.
I give him a name. He is called Romio. Romio is now our pet cat.

Fear Itself is Undefined

I lay on my bed soaking my pillow with my tears
I try to remember exactly what it is that I fear.
Is it the passing of time or the love that I lack?
Is it the mistakes that I've made or the fact that I can't bring the past back?
What is it that I'm afraid of?
Why am I so scared of?
Is it the people I've hurt or the people that have hurt me?
Am I afraid of everything that I can't seem to see?
Is it the love of my friend, or the loss of my family?
Is it the possibility that my life can end in a tragedy?
What is it that I fear most?
What do my eyes say I'm scared of?
Is it the sun that sets but won't seem to rise?
Is it the hope that I have that always seems to die?
Is it the trust of a person that I cannot begin to grasp?
Is it all the memories of my horrid past?
Is it me?
Can it possibly be that the things I fear most is the thing I can't be?
The things that I try to understand
The 'Me' that I try to be with when I'm feeling sad?
The person I'm expected to be? Is that what I fear?
I think the thing I fear most...is 'Me'

Winter

*Hurrah, Hurrah! winter has come,
Hurrah, Hurrah a lot of fun,
Switch off the coolers, switch off the fans
Stop drinking cola cans!
Eating Kulfis cannot be fulfilled
As then in our body cold would be built
Knitting a sweater,
would be better.
So be prepared,
and do not dare.*

Umbrella Tree

Near a hotel pool, close to the sea
Stands proudly, this huge umbrella tree
Its thick branches, far and widely spread
Blooming with flowers, small and softly red
On top of a wealthy green leafy bed
A breeze from the ever blue sea gushes by
Making hundreds of flowers fly high
And beauties that once ornamented the tree,
In a snow-flaky fashion, a pleasure to see,
Fall down in the pool, fall down on me
Looking at the flowers in the pool, I note
They seem to enjoy to be lightly afloat

But then it occurs to me, a jolt in my head:
They do not enjoy, they're dead
They have become floppy, hopelessly wet
My mind fills with thoughts of my own
mortality
How long will my body, my mind still be?
But my body and mind are not what makes
up me.
I am my soul, which after death will be free
I think it may still come back to see
This miraculously beautiful umbrella tree.

शिक्षा

शिक्षा है अनमोल रतन
इसे पाने का करो जतन
शिक्षा है एक ऐसा ज्ञान
मिटे गरीबी और अज्ञान।
अब तो केवल है ये सपना
सारा देश हो शिक्षित अपना
ये मेरी है अभिव्यक्ति
शिक्षा है हथियार
खत्म हो जाए अत्याचार
शिक्षित होगा देश हमारा
विकसित होगा देश हमारा।
शिक्षा है ऐसी गागर
जिसमें बसा ज्ञान का सागर
मिलकर आओ कसम ये खाँए
अनपढ़ कोई न रह जाए।
शिक्षित सारा देश बनाएँ
शिक्षा को हथियार बनाएँ
देश में साक्षरता फैलाएँ।
देश में साक्षरता फैलाएँ।

यादें...

कुछ सालों बाद,
ये पल बहुत याद आँएंगे,
जब हम सब दोस्त,
अपनी-अपनी मंज़िल पहुँच जाँएंगे।
अकेले जब भी होंगे,
साथ गुजरें हुए लम्हें याद आँएंगे,
पैसे तो बहुत होंगे,
याद खर्च करने के लिए लम्हें कम पड़ जाँएंगे।
एक कप चाय,
याद दोस्तों की दिलाएंगी,
यही सोचते-सोचते,
फिर आँखें नम हो जाएँगी,
दिल खोलकर इन लम्हों को जीलों यारों,
न्दगी अपना इतिहास फिर नहीं दौहराएंगी।

मनुष्य का शत्रु (घमंड)

एक दिन था पाक में
जब बच्चे हसँते-खेलते थे।
रहते थे वह हरदम खुश,
न था उनको कोई भी दुख।
गोली चलाई, दे दी उनको मौत,
जिनके दिल में था पहले से ही खोट।
कैसे थे वे मनुष्य जिनके दिल में न थी दया
मद् और प्यार का प्रतीक वह मनुष्य कहा गया।
किया ऐसा काम, न मिलेगी उनको माफी
मौत जैसी चीज़ भी उनके लिए नहीं है काफी।
दिया बच्चों के माता-पिता को उन्होंने अपार दुख।
संसार में कैसे मिलेगा उन्हें कही कोई भी सुख।

Grandfather Clock

Placed on a beautiful, carved table,
A huge old musical clock I am,
Sturdy and stable,
Standing in the museum hall, I hum.
A puppet band is there to chime,
Out the correct time.
Every hour when the band master gives a beat,
Out comes music sweet.
A puppet man with a hammer to hold,
Announces the time to the world.
Out comes a cuckoo from its suite,
To sing the time in a voice so sweet
Around me the visitors gather,
Around me, the children gather.
They look with awe and surprise,
And talk about my huge size.
Hour after hour people wait,
To hear the time I state.

The squabble in the 'Grammar House'

*Ms pronoun once said to haughty Mr Noun,
"I must say, you are a born
You strut about the Grammar House,
But actually you're no more than a mouse.
In a paragraph, humans use you only once,
It's we they use everywhere, you dunce.
They use me as your substitute, for them,
They need not write you again and again."
Into this cordial conversation did intervene
Mr Adjective, so handsome and lean.
Said he "stop this nonsensical talk!
You are as important as a hole in a sock
For us sentence is incomplete without me, you garments on feet.
For noun and pronoun, you cannot be described, until I hit the spot
You see you poor plain creatures.
A an the one who defines your features.
Big or small, whichever way you are I give you character. I'm a rising star!"
"Wait, wait!" Someone cried from afar.
I want to join you, hold the door ajar!
I, Ms Article am the most important.
That's why you see I can always in front
I comprise the, a and an
And am most valuable to man.
I certify any word as singular or plural
I am ubiquitous, you beasts infernal!"
"Oh, really?" Said a scornful voice.
"I don't think you are my choice.
For the most important, you see that title should go exclusively to me.
I decide whether you move or sit if you walk, jump, eat drink or hit.
Being Mr verb, I lay down each noun
I determine the actions you perform."
"Please don't say that," said Ms Adverb,
"I am your evergreen crony"
I accompany you everywhere, don't I?
Therefore please don't speak a lie.
"Ha, ha, ha! That's laughable proposition for all of you belong to me," said Ms Preposition.
"I can make you dance on the tip of my finger.
Under it, in it, beyond it or where you linger.
"Shut up!" Said a tiny mouse."
"I must say, you all are nincompoops!"
You must work together, you understand?
Thus he finally put an end to the squabble in the Grammar House.*

(पाकिस्तान के विद्यालय में आतंकवादियों द्वारा मारे गए बच्चों की श्रद्धांजलि)

मेरा कसूर बता दो

मैंने तो माँ से घर लौट के आने का वादा किया था
 पिता के संस्कारों को जीवन भर निभाने का वादा किया था।
 माँ के दिए दोनों पैसे खाए थे
 पिता के दिए पैसे में से पाँच रुपये भी बचाये थे
 भाई से झगड़े के बाद पहले क्षमा माँगी थी
 पड़ोसी के बीमार बच्चों के लिए भी दुआ माँगी थी
 बस आज पहली बार स्कूल न जाने की जिद की थी
 बस आज ही माँ ने प्यार से दो चपत लगाए थे

आज ही पिता ने शाम को घुमाने का वादा किया था
 और मैंने दोबारा जिद न करने का इरादा किया था
 क्यों भेद डाला गोलियों से मेरा सीना?
 मेरा कसूर तो बता दो?
 अब मैं तो नहीं मेरे अंधे माँ-बाप को कोई उनकी छड़ी
 पकड़ा दो

Plastics - Boon or Bane?

Found every where in different forms plates mugs with fans, toys and in electronic gadgets plastics seems to have entered our lives earth innumerable items on which we all unknowingly depend most of the time. the word plastics is a house hold name derived from the words plasticus that simply means being able to mould.

The history of production of plastics goes back to world war 11 when both the Allies and the Axis powers were faced with severe raw materials the plastics material proved to be a good substitute.

In 1930 products made up of plastics were made but the main growth of the plastics industry did not take place before the 1960,s, reaching a peak in 1973, when world production of plastics reached over 40 million tonnes per year

Today the use of plastics seems to be endless they are used in specialized industry such as health industry aerospace industry and electronics the versatility of plastics lies in its nature of being easily moulded and given appropriate shapes plastics have numerous advantages for they are less dense and lighter than steel but at the same time they can be reinforced with other material to develop exceptionally stronger materials various design specifications can be incorporated and specifications can be incorporated and plastics can designed to withstand higher temperatures. They can be made transparent like glass or even developed into thin films that are used in good packaging although useful in numerous ways, plastics have negative effects on the environment to the main disadvantage of plastics is that they are nondegradable and persist unchange in the environment for many years. Therefore it is important to reduce the use of plastics

Plastics waste is increasing due to increase in population, developmental activities, changes in lifestyle, and socio-economic conditions Plastics waste is a significant portion of the total municipal solid waste in India. Every year a huge quality of plastics in India finds its way to the land fill sites of major cities, while in remote areas they can be usually found scattered among the vegetation they seem to be harmless but in reality they are silent killers

Although plastics are relatively inert some of the materials used in the manufacture of plastics have been shown to cause cancer Plastics not rot or breakdown over time. They not only choke the vegetation but also harm aquatic animals when plastics are dumped into water.

Recycling of plastics wastes helps to keep the environment clean and healthy landfills have been major means of solid waste management in most nations. It

is common to see plastics waste being burnt releasing considerable quantities of polluting substances like carbon monoxide and smoke. But recycling plastics is a difficult process Also plastics wastes need to be sorted prior to recycling,

Plastics have become indispensable in modern life. However its use can be reduced by many ways like carrying bag with us while going out, try. out to use glassware in place of plastics ware, shop keepers should provide only paper or cloth bags etc.

Although it is difficult to completely stop using plastics products a conscious effort must be made to reduce its use for protecting our environment,
